

**The 2<sup>nd</sup> International Conference on Advanced Materials and Processes for Environment, Energy and Health**

**iCAMP-2018**

You are cordially invited to the 2<sup>nd</sup> International Conference on Advanced Materials and Processes for Environment, Energy and Health (iCAMP-2018) to be held in the vibrant city of Montréal (Qc, Canada), Oct.31<sup>st</sup> – Nov. 2<sup>nd</sup> , 2018.

The iCAMP-2018 will take place in the  
**Holiday Inn-Montreal-Downtown**

**The iCAMP-2018 conference will focus on the following themes:**

- Advanced materials for catalysis, biocatalysis, photocatalysis, photovoltaics, and photosensing
- Advanced processes for the treatment and decontamination of water, air and soil (VOCs, POPs, potable water, wastewater, soil rehabilitation, physical and chemical processing for polluted environment, ...)
- Sustainable energy production and transformation (solar energy, biomass, hydrogen, ...)
- Advanced processes and approaches in Health and environmental sciences
- Industrial applications and prospects of development of these advanced processes

**For more information, please visit the conference website at:**

**<http://www.icamp.inrs.ca>**

The iCAMP-2018 Conference is organized by the  
Institut National de la Recherche Scientifique

**INRS**
